

Dual Electric Performance with Reduced Operating Costs.

The Meyer stainless steel electric drive insert hopper spreader is designed for ¾-ton+ pickup trucks. Two industrial grade electric motors separately drive the drag chain and spinner disk that allows for efficient material spreading. And by utilizing the vehicle's existing electrical system, no additional power is needed for fuel-efficient operation.

In-cab controller independently operates spinner and auger motor.

Meyer PV Electric Drive Stainless Steel Spreader

High Performance Features

Inverted V keeps weight off the drag chain for optimal performance.

Optional vibrator kit helps break up chain material.

Optional pre-wetting system.

Safety cap for rear bearing.

Swing-up spinner system allows for quick unloading of material.

Maintenance-free front idler roller provides trouble free drag chain operation.

Safety enclosure protects hands from drag chain.

1/2 HP stainless steel electric drag chain motor.

Materials

Highlights

- ▶ Designed for 3/4-ton+ trucks with 7' or 8' bed
- ▶ Two industrial grade electric motors separately drive the drag chain and spinner disk
- ▶ Dual speed controller installs in cab of vehicle to provide ultimate spreading control
- ▶ Integral fork pockets allows for quick installation or removal of spreader from your truck
- ▶ Swing-up spinner system allows for quick unloading of material
- ▶ Maintenance free front idler roller provides trouble free drag chain operation
- ▶ Standard inverted V keeps weight off the drag chain for optimal performance

Meyer PV Spreader Specifications

Size Specifications	8' long x 34" tall x 50" wide, 900 lbs.
Capacity	2.0 cubic yards
Construction	Corrosion resistant stainless steel
Flow Rate	4' to 25' spread pattern
Amperage Requirements	80 (45 conveyor/35 spinner)
Steel Gauge	16 gauge
Safety Features	Material top screen, safety enclosure for front roller, drive chain guard, motor shroud, third brake light, and bearing sleeve
Warranty Details	Standard Meyer 1 year warranty
Options	Pre-wetting system, tie down kit, vibrator kit, tarp cover, cab shield, side extensions
