

An operating system designed to pick up your game.

With up to 9 full inches of ground clearance, you'll carry your plow high and be even less prone to bottoming out.

With a drop speed you can adjust to suit your style and better lights for improved night vision, you aren't missing a beat or a snowflake. All of which is going to mean higher efficiency and happier clients.

The new **STANDARD
OPERATING SYSTEM™**

Meyer

Introducing the **new standard** in plow operation.

Industry-leading ground clearance for improved stacking and transport height.

Works with the all-new redesigned lightweight, high-strength 6'8" Drive Pro (part # 09499), 7.5' - 9.0' Lot Pro and Diamond Edge moldboards.

Dual-halogen Nite Saber III lights for better visibility.

New lift frame and light bar for greater rigidity and stability. Plus, tubular-steel a-frame for greater durability.

Streamlined appearance with encased power unit and patented cable management system for reliable service.

Adjustable drop speed to suit your style.

Touch pad controller featuring a high-beam indicator light.
