

Meyer[®]
PATH PRO[™]

Introducing a new spin on plowing.

Adding a Meyer[®] Path Pro[™] plow turns ZTRs into mean snow clearing machines. Because Path Pro plows are built by the leader in commercial snowplows, you know they are built to take on the punishment less expensive brands can't handle, and comes with a 5-year warranty. Path Pro is available in 50", 60" and 72" sizes making it easy to find the right one to clear snow anywhere a plow truck can't reach.

www.meyerproducts.com

The Meyer mounting kit makes it easy to add a Path Pro to most ZTRs.

DURA-SLICK™ Paint System Automotive style paint with Teflon® for durability and better snow-rolling action

Reversible cutting edge extends usable life

Highway style pivot bar & push frame

Easy access grease points. Easily accessible grease points at high-wear areas

Two heavy duty adjustable trip springs

Heavy duty twin channel tubular push frame

Tough As Nails, Backed With The Best Warranty In the Industry

When you are used to making 800 pound snowplows for full-sized work trucks, you tend to build things that can take a beating. And the Path Pro really shows its DNA.

Register online to extend standard 2-year warranty to 5 years on all structural steel.

Patented Self-Angling or Loc-n-Go... The Choice Is Yours

Self-Angling

Path Pro comes with automatic self-angling. It works by sensing which side of the plow is gathering the most snow, then automatically angles the blade in that direction.

Loc-n-Go System

If you prefer, you can lock the plow in one of five different positions using the Loc-n-Go system.

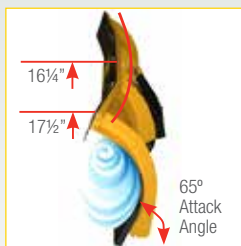

Raise and Lower With Ease

Use the existing ZTR mower deck foot pedal to raise and lower the Path Pro.

Unique Highway Plow Design

The Meyer Path Pro is a commercial-grade, full-trip plow available in 50", 60" or 72" widths. Its 65° attack angle scrapes the surface more cleanly than standard straight blades. The highway-plow inspired flared wings scoop and funnel the snow faster and throws it farther than competitive blades.

Fits the biggest names in ZTR mowers*
